Englewood Hospital and Medical Center is Among Best in the Nation for Multiple Clinical Areas

- CareChex® Honors Include Dozens of Medical Excellence & Safety Awards-

(Englewood, NJ October 25, 2013) – Englewood Hospital and Medical Center (EHMC) is proud to announce it has earned national recognition for its delivery of excellent, safe medical care based on independent research conducted by CareChex®, a division of Comparion Medical Analytics.

CareChex® recognized EHMC as the top performer for Medical Excellence in heart bypass surgery among hospitals in the New York-Newark-Bridgeport metropolitan area. EHMC was also recognized as the top hospital in New Jersey for Medical Excellence in overall surgical care, major cardiac surgery, coronary bypass surgery, major bowel procedures, spinal fusion and spinal surgery. Additionally, the Medical Center is number one in the state for Patient Safety in overall hospital care, overall surgical care and spinal fusion.

"We are extremely proud of these national awards which are consistent with our priority of providing the safest, highest quality care to our community," said Kathy Kaminsky, MS, RN, EHMC Senior Vice President of Clinical Effectiveness and Chief Quality Officer, "These awards recognize our achievement at a state and national level. Our mission is to continue to set the standard and we are honored to be recognized by CareChex®, our patients and the community we serve."

About CareChex®

CareChex is a division of Comparison Medical Analytics, one of the nation's largest privately held healthcare information services companies. CareChex provides clinical, financial, and patient satisfaction findings to consumers, providers, and purchasers of U.S. medical care. Unlike other publicly available hospital quality ratings, CareChex provides a composite evaluation of all components of medical quality, including process of care, outcomes of care, and patient experiences.
